

Optia tubular towel rails

A radical departure from the ordinary

In addition to its stunning appearance, designer Pietro Facheris' Optia towel radiator provides excellent heating and towel warming performance, in three sizes and output options. The metallic finish is supremely contemporary and practical.

Finished in White (RAL 9010) or Chrome. Matching manual or thermostatic valve kits available.

Product Code	Height (mm)	Width (mm)	Btu/h* $\Delta t60$	Watt* $\Delta t50$	Tapping centres	Centres from wall	Maximum projection
