

# Stelrad Health, Safety & Environmental Management System

## Stelrad Ltd Environmental Policy Statement.

1. Stelrad Ltd recognises the importance of looking after the environment and the link that this has on its business success. It is therefore of primary concern to the company, that the environment is protected as an integral part of its operations. To achieve this, Stelrad Ltd commits to the following principles and activities:
2. Stelrad Ltd will not only comply with relevant environmental legislation and regulations, but will also wherever is practicably possible look to use best practice techniques and processes
3. Stelrad Ltd will seek to reduce and eliminate waste where possible by more efficient use of raw materials, energy and where practical look to extend the life cycle of its products.
4. Stelrad Ltd commits to protecting the environment and preventing pollution caused by our operations
5. Stelrad Ltd will use wherever possible renewable energy and other forms of re-cycled raw materials, such as steel and packaging
6. Stelrad Ltd is committed to continual improvement in environmental performance relevant to its primary operation of producing and delivering radiators
7. Environmental objectives will be agreed on an annual basis by the 'Senior Management Team' and monitored and reviewed in Health, Safety and Environmental Management Meetings.
8. Stelrad Ltd will work closely with interested parties, including customers and suppliers to help demonstrate its commitment to this policy and to promote environmental awareness
9. Stelrad Ltd commits to communicate this policy to its staff and contractors and make it available to relevant interested parties upon request
10. The Directors of Stelrad Ltd are fully committed to the success of environmental management initiatives and will allocate appropriate resources to achieve objectives and targets.

David Taylor (Operations Director)
