BOUQTQUE RADIATOR COLLECTION

 **Stelrad**[®]
Radiator Group

Stelrad Radiators.

It's easy to see why Stelrad Radiators is the UK's number one radiator brand. With a rich heritage in manufacturing high quality, stylish modern radiators since 1936, it's safe to say we know a thing or two about heating.

We understand that purchasing a new radiator can be daunting which is why our expert research team is dedicated to continually developing innovative products and widening our extensive range to enable you to choose from the largest selection of technically-advanced radiator styles and sizes in the UK.

Made in the UK since 1936

Make a great impression

THE UK'S NO.1 RADIATOR BRAND

Your home is not just a house it's a way for you to show your creativity and personality, creating a space that's both beautiful and practical.

Designer radiators give you the chance to do just that, bringing unique designs and finishes which can help your home stand out and give visitors an insight into who you really are.

Whether you're looking for super modern or traditional radiators in White, Anthracite grey or colour, the Boutique Collection is a great way to add style to your home.

EXCLUSIVE TO STELRAD

Things to consider

Innovation, development and customer service is at the heart of everything we do, and we offer ranges of radiators to suit your every need, available in 40 colours to match your taste and decor.

When buying a new radiator there are lots of things to consider to help you make the right choice, things such as the size, the style, the colour, the positioning, whether you need a radiator or towel rail, a horizontal or a vertical radiator. So, when you're thinking about radiators, there's just one name to consider... Stelrad.

Look out for these colour swatches on the product pages and view the colour chart on page 90.

Colours

These days you are not limited to a traditional white radiator, you have the freedom to choose the most suitable colour radiator which will complement the colour scheme of your room. Most of our radiators can be ordered in a choice of 40 colours and have up to an 8 week lead time.

Small on space, big on style

Concord Rail

Sometimes a narrow space fits a thinner vertical rail better.

See page 32.

Nowadays there are so many ways to make the most of small spaces. Clever storage options and smart finishes mean that even the smallest of bathrooms or kitchens can be stylish as well as practical. Whether you opt for a sleek streamlined look, or traditional detailing, there are plenty of ways to make your space stylish, practical and, with the right know-how, space efficient.

Como.
See page 62.

Stainless Steel Towel Rail

In a brushed or polished finish, this radiator not only warms your towels but also looks great in a bathroom.

See page 26.

Over bath or over sink

Your towel rail could look great in a different place that's practical and out of the way.

Stainless Steel Towel Rail with polished steel finish.
See page 26.

Slimline Towel Rail. See page 18.

STR (Stelrad Towel Radiator)

See page 24.

Making a statement with colour

One of the most impactful ways to make a statement is with colour... and it is so on trend. Whether it's a hint of colour or a bold statement with a lot of colour, this is one of the most versatile ways of reflecting your personality and setting the mood you desire.

Ultra in Pale blue

The bespoke Ultra is a modern designer radiator with optional towel rails, which comes in a whole range of colours - see page 82.

Concord Side Concept

Comes in a matt finish Anthracite grey and is a straight tubular design with piping at one side giving a sleek, stylish look to any room - see page 64.

Most of our radiators can be ordered in a choice of 40 colours and have up to an 8 week lead time.

Caliente Rail in Carmine red

See page 30.

Your radiator can bring that pop of colour that you're looking for and can look stunning on a white background or the same coloured accent wall.

Inspiration in black and white

Concord Vertical

See page 70.

We have every style imaginable in white.

NEW

The Silhouette Concept in Anthracite grey is a great choice for this trend.

See page 40.

Black and white can be just as quirky and personal as more colourful decors, a primary colour scheme lends itself to an elegant and contemporary finish. Rather than lacking in vibrance, it provides the perfect backdrop for just a few hints of an accent shade, should you wish to add one.

Metallic radiators look great in a monochrome setting

The Como stainless steel radiator works really well in a monochrome setting, adding a dash of luxury.

See page 62.

Column Horizontal - see page 54.

Vertical Ultra - Graphite black

See page 84.

Sometimes forgoing colour for a classic palette can really pay off, and this black and white bathroom is proof. A modern design is sure to inspire your own space.

Marvellous metallics

Get involved with the trend that is taking the world by storm; metallic finishes. From chrome to brass, stainless steel to copper and everything in between, you can't hide from these finishes adorning the pages of your favourite interior magazines. The high shine surface of chrome exudes luxury and is suited to all home decor styles, especially modern interiors.

LECCO - EXCLUSIVE
TO STELRAD

Como

OUR CUSTOMERS LOVE US

Stelrad Radiators is the UK’s leading manufacturer of stylish modern radiators. Supplying the domestic & commercial heating markets since 1936.

Our extensive collection features attractive radiators and towel rails expertly designed and styled to suit every taste and décor. You can choose from a range of shapes, sizes, colours and finishes.

We know that every customer is unique and wants a room that complements their taste and requirements. They also want peace of mind and that’s exactly what they’ll get, with hundreds of online reviews resulting in 4.4 on Trustpilot.

Innovation, development and customer service is at the heart of everything we do.

Not just any rad. Stelrad.

Excellent product

Excellent product. This radiator looks good and throws out the heat efficiently.

Ann Marie

Completely happy

Fast service ... completely happy.

Martin

Excellent, well manufactured products

Excellent products, excellent sales. Excellent after sales service. I cannot fault them. British too.

Moosey

Great service and product

Great service and product, no complaints!

Elliot

Super product

Super product, great price, fast delivery.

Litha

Stelrad Radiators

Very happy with the product and the service received. Would definitely order from Stelrad in the future.

Robert
